

# Lose Weight 200% Faster

## than Diet and Exercise Alone!

### Doctors Reveal A New Advantage for Weight Loss...

What if you could have a weight loss program that's so **safe**, so **effective**, your own trusted family doctor could recommend it?

...A weight loss program that is backed by **10 years and millions of dollars of research** at a major university...

...A weight loss product that has been awarded **7 United States patents**...

...One that **naturally replenishes the vital nutrients you need** every day to support a healthy metabolism, **without unnatural stimulants**...

...One that has been clinically tested to **help you lose weight an average of 200% faster** than diet and exercise alone...

...One that is **3 times more effective** than diet and exercise alone...

And one that's so healthy, so safe doctors and physicians around the country are giving it their personal and professional endorsements.

### Doctor Developed, Doctor Tested, and Doctor Approved!

## AdvantRx

WEIGHT LOSS SYSTEM

1-800-000-000

**Gain the AdvantRx Advantage**  
Your body will experience the difference in just 2 hours.

Take the AdvantRx gelcap, and this patented product is in your system, working within 20 minutes and starting to help you burn fat and calories.

Tests prove that within 2 hours, the active ingredient in AdvantRx is at its maximum strength, helping you to lose weight and burn more fat than diet and exercise alone.

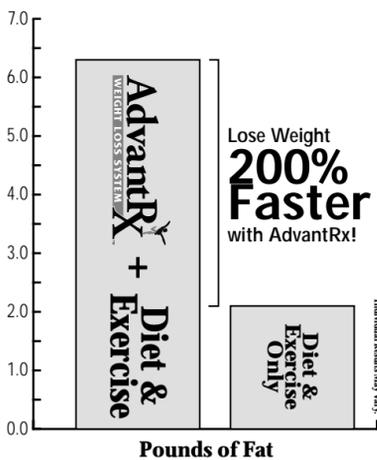

And AdvantRx is still working to promote a healthier metabolism up to 12 hours later!\*

As shown in an independent clinical study, the AdvantRx system advantage can help you lose body weight and fat 200% faster than through diet and exercise alone. **Yes, 200% faster!**

**The Scientific Finding**  
Clinical trial confirms the metabolic advantage.

The AdvantRx clinical trial was designed and conducted by an independent clinical research organization. The eight week study included overweight, but otherwise healthy participants with 28 females and 2 males. The average age of the participants was 44.5. Each participant was required to exercise three times per week for 45 minutes per session and followed an 1,800 calorie per day diet. The AdvantRx group received the active ingredient and the other group received a placebo pill (sugar pill).

The results of the study indicated a statistically significant decrease in body weight in the AdvantRx group and no similar result in the placebo group. This decrease in body weight was 200% faster than in the placebo group. Body fat decreased 10% in the AdvantRx group at eight weeks.

The AdvantRx study indicated a statistically significant and clinically safe increase in a key regulator of metabolism. The study ruled out differences in exercise, diet and body water as causal factors in these changes. All components of the AdvantRx system were well tolerated and there were no adverse side effects of any kind.

\* In studies of blood plasma concentration levels, University of Minnesota College of Pharmacy May 1, 1998. These statements have not been reviewed by the Food and Drug Administration and this product is not intended to diagnose, treat, cure or prevent any disease.

**AdvantRx - A Complete Weight Loss System That Gives You 3 Ways to Succeed.**

AdvantRx is a complete system to promote healthy and significant weight loss. Each component has been carefully designed and tested to insure safety and maximum results. You will find the system is **fun and easy** to follow. No starvation diets and no grueling exercise programs. When you follow the system you'll lose weight more effectively, you'll burn fat more efficiently, and you'll definitely **lose weight faster**. That's the AdvantRx difference - we give you an entire weight loss system including 3 ways to succeed!

**1. Diets can promote weight loss.** Diets should have variety and be easy to follow. Choosing the wrong diet can actually "stall" your ability to burn calories. **The AdvantRx Nutrition Guide** is easy to follow. It has everything you need; ready to follow menus, rewarding recipes, simple shopping tips, and foods that can help stimulate your metabolism.

**2. Exercise is vital to lasting weight loss.** Exercise should be fun and easy. **The AdvantRx Exercise Guide** has a program for any level of fitness. And you can use the AdvantRx Exercise program at home or at your health club.

**3. AdvantRx includes a safe, effective and clinically proven dietary supplement.** The AdvantRx gelcap provides the added advantage you need to maximize your weight loss program. This revolutionary new, patented dietary supplement contains a vital nutrient which can help you maintain a healthy metabolism... with no unhealthy stimulants.

**Endorsed by Leading Medical Doctors!**

Dr. John Zenk is a board certified doctor of internal medicine for 20 years and has been actively involved in treating patients with both conventional and natural approaches. Dr. Zenk became involved in the development of the AdvantRx system as a result of his own frustration in finding safe, healthy products that could help his patients lose weight.

*"I can recommend the AdvantRx system without hesitation. I know that it is safe and effective. I have seen it work and it can work for anyone interested in meaningful weight loss."*  
**John Zenk, M.D.**

Dr. McBarron was the first female board certified in bariatrics (weight loss) and is the author of several books on weight loss, including **The Columbus Nutrition Program** and **Flavor without Fat**. Every day, millions of radio listeners tune in for health advice from the popular syndicated health talk show, **Duke & the Doctor**.

*"I myself have lost 50 pounds 5 times - my last loss was 70 pounds. So I've been there as both patient and doctor."*  
**Jan McBarron, M.D.**

These two doctors lead a growing number of medical professionals who are impressed by the amount of research and testing that have been performed on the components of the AdvantRx system. AdvantRx is setting a **new gold standard in weight loss technology and weight loss performance** because it works! It is a comprehensive weight loss program that will not only accelerate

*"I've never been this excited about anything in the weight loss industry...as I am with the AdvantRx™ Weight Loss System."*

Jan McBarron, M.D.  
Columbus Weight Loss Center  
"Duke and the Doctor" Talk Radio Show

John L. Zenk, M.D.  
Medical Director,  
Minnesota Applied Research Center

*"I helped develop the AdvantRx™ system because I was frustrated by the lack of weight loss products and systems that really work. The results of the clinical test shows that AdvantRx™ works."*

**"I Lost 44 Pounds in Only 8 weeks"**

## Amazing Results!

I wanted something that helped save time, was easy to follow, and did not require much work. I started the AdvantRx system on April 28, 2000 and by July 1, 2000 I had lost 44 pounds! No starvation diets and only 3-4 hours of exercise per week. My exercise included both strength training and aerobic exercise like biking, walking or running!

This is a weight loss system I can maintain. It's easy and fast. Rather than make the time in my busy schedule, it gives me more time to enjoy the things I like to do! I'm amazed at the results.

Thanks AdvantRx!  
Don Walstrom  
Burnsville, MN

Individual results may vary.

your weight loss, but also help you achieve a healthier lifestyle which can bring you benefits the rest of your life!

**Now the AdvantRx Weight Loss System is Available for the First Time to You.**
